

Crane Servicing

Crane owners are faced with many demands for uptime, reliability, compliance testing and record keeping. Together with our **Tech Inspect** online asset management system, our Crane Servicing team can help ensure your crane is running, safe, and compliant.

Nobles qualified and experienced crane servicing personnel can provide:

- Crane Installation
- Electrical Repairs
- Major and Minor Servicing
- Yearly Inspections and Load Testing
- 10 Year Servicing
- Rope Changes
- Crane Relocations

Crane Servicing is available in South Australia only.
