

Nobles TSF Hooks

The Nobles TSF Swivel Hook is manufactured from quality Crosby forgings by Nobles. The hooks have safety catches attached as standard and are available in capacities from 1.5 to 32 tonne. Every TSF hooks is individually proof load tested to twice the WLL and a NATA test certificate is issued. TSF hooks incorporate a roller thrust bearing to enable the hook to safely rotate under load.

Swivel Hooks For Articulated Cranes

We offer replacement swivel hooks: 10, 12, 17 and 20 tonne TSF designed for compatibility with articulated cranes. These are specially dimensioned to replace the older type fabricated swivels used on these cranes. Please check the dimensions of the existing part before ordering. We can also supply replacement swivels for other type cranes and have been an OEM supplier of swivels to several crane manufacturers.
